During the summer (July or August 1961), said priest
molested the boy. This was suggested after hearing
the boy's confession in the rectory as the conversation
centered on the boy's problem. It was presented to
the boy as the lesser of two evils. The boy was
asked to think it over. The boy left, thought it
over and asked his parents permission to go with
said priest to a boy-cabin that the priest owns.

The suggestion was that the boy masturbate the priest.
The priest actually masturbates the boy.

The cabin is in the Blue Hills, 1 mile off route

the exit there is a small church opposite which is the
country road or driveway they take that leads to his
cabin, identified by a sign saying "Owned by Fr. Shanley,
St. Patrick's Rectory. If any damage notice please notify
