PAUL SHANDLEY: concern about woman calling him up for 12 years, harassing...

1. Wrote to Bishop Daily; he replied December 14, 1982.

In his reply he suggested:

- forget the phone calls; disconnect the phone; use code-a-phone
- if decide to work legally be in touch.

2. [REDACTED] is the person

Paul has a file on her writings; etc...willing to give to an attorney

3. Suggestion of the Telephone Co.: get a restraining order.

4. Paul stated that if something wasn't done, he'd have to go to Lahey Clinic (has the runs all the time, etc...), and go on a year's leave....

FJR suggested FJR give this info to TVD on his behalf, saving time in letter-writing, etc
He was appreciative and said leave message (as would be on day off: Mon-Tues).

FJR spoke to TVD at Staff on 12/20 --- "let her stay hanging on the phone...."
have him get his own personal attorney

FJR had asked about Archdiocesan Att'y; TVD felt this would work "against RCAB" if anything went wrong....in the process.

THUS: FJR consulted with Wil Rogers, Esq. on 12/21....
