

- I Interviewed Fr. Jannsen this afternoon at 3:30 o'clock in my home.
- II He confessed his guilt
- III Informed him of his suspension and handed him the decree in Latin and in English.
- IV Recommended that he go to Via Calli, but did not order him to go; he begged for a few days of reflection
- V I was not too favorably impressed with his general attitude, and my hopes for his emendation are not too high.
