Dear Mrs. Chervenka:

Father Spain has told me of your very generous gift of a new organ for Saint Mark's Church, San Marcos and he has sent me a copy of the program for the Dedictory Recital which took place on February 25.

Permit me to join Father Spain in an expression of deepest gratitude and appreciation for this wonderful gift to the parish of San Marcos. It is the kind of donation that will continue to bear fruit for many years to come.

Asking God to bless you abundantly, I am

Your Excellency:

We were privileged to have this afternoon a Dedicatory Recital for a Hammond Concert Organ presented to St. Mark's by Mrs. _____, of Rancho Santa Fe in memory of her late husband, Charles A. Chervenka. This particular model has been installed in Canterbury Cathedral, the Cathedral of Mexico City, and locally at Mission San Juan Capistrano. The cost of this instrument is approximately \$5,000.00. It is the best organ to have been installed in any lumber yard building (refurbished) and I am sure it will be most suitable for the future Church of St. Mark's.

_____ lost her husband in December, 1967. They had been married 58 years and she is eighty years of age. I know that _____ would treasure a note of appreciation from Your Excellency. Her address is: _____

I am enclosing herewith a copy of the program presented at the Dedicatory Recital this afternoon. With appreciation to Your Excellency for any courtesy extended, I am

Most Rev. Francis J. Furey,

Bishop of San Diego,

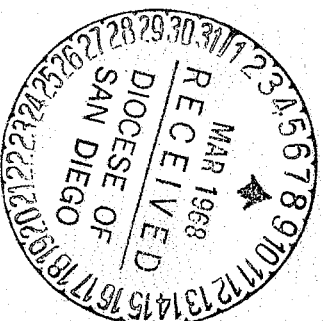

Kind Sir;

Permit me to thank you, sincerely, for your kind letter of February 28, 1968. I do so appreciate your thought of me, and have placed your letter in the book of Photos that Father Spain had made for me. Music has meant so much to my Husband and me, we did much choir work. It is my hope and prayer that the Hammond Organ will inspire better Music for St. Mark's, especially among the young people.

Thank you for your gracious Blessing.

Most Sincerely,

The City of San Marcos, nestled in Los Vallecitos de San Marcos, was named by missionary fathers to California after St. Mark the Evangelist. The Most Reverend Charles F. Buddy, D.D., Bishop of San Diego, directed that a Catholic Church be established in March, 1963, and appointed Father William D. Spain as founding pastor.

For more than one year following the establishment of St. Mark's, the Holy Sacrifice of the Mass was offered at the Meadowlark Ranch Theater — the Ol' Opry House — on Rancho Santa Fe Road. In April, 1964, Bishop Francis J. Furey approved the purchase of nearly eight acres located immediately east of Lake San Marcos. This acreage is sufficient for a church, rectory, school and convent. St. Marks' then purchased the San Marcos Lumber Company Storage building and had it moved to the church property for use as a temporary church and future hall. An addition to this building — the Annex — was built in 1966 and is now used for catechetical instructions, recreation and social purposes.

Mrs. Mildred Chervenka and her late husband, Charles A. Chervenka, were among the first to take an active interest in the formation of St. Mark's. This interest is further evidenced today by the presentation of a new Hammond Concert Organ to our Church.

The Hammond Concert Model Organ is to be found in some of the most magnificent Cathedrals and churches of the world. It has been designed for the discriminating organist and lovers of organ music who demand nothing less than the finest. Its conservative styling will lend gracious dignity to the future "St. Mark's." We accept this gift with the hope that our parishoners will be inspired to provide better music for our liturgical services. For music is the language of praise; and one of the most essential preparations for eternity is delight in praising God.

Your Excellency:

The San Marcos Association of Churches was formed in 1965 to promote religious cooperation and provide a means of communication among the various churches within our community. I am currently the chairman of this Association.

In observing the World Day of Prayer on Friday, March 1st, the twelve member churches would like to conduct a joint service at St. Mark's on the theme "Bear One Another's Burdens" (Galatians 6:2). All of the churches within our community will be open for private prayer during the day. The joint service planned for St. Mark's in the evening will resemble a Bible Service and should further dialogue between the various churches.

Inasmuch as this service involves the use of our facilities, I thought it best to seek Your Excellency's approval.

Respectfully yours,

Please find enclosed herewith a check from this Parish in the amount of \$4,000.00 which reduces our indebtedness to \$5,405.51. The following major improvements have taken place since Your Excellency blessed our temporary Church in May, 1965:

- a. An 80' by 28' addition to the Church called the 'Annex' which doubles the seating capacity of the Church on Sundays and is used for social and catechetical purposes during the week.
- b. A 20' by 60' sheet metal building which provides two classrooms for catechetical instruction and storage space.
- c. A 28' by 35' barbecue shelter used for socials and class space by our C.C.D.

Most of this construction has been accomplished by the donated work of our parishioners. We enter 1968 with the desire of liquidating our debt as quickly as possible so that we may look forward to the building of a church worthy of St. Mark and the City of San Marcos.

I assure you that it was not my idea to ask you to assume this burden and I agree with you that the additional expense involved would be unnecessary and unjustified. It was precisely to avoid misunderstanding that I insisted on a clarification of the whole matter in writing.

Your Excellency:

I wish to reply to Your Excellency's recent letter regarding my possible acceptance of Father Vincent E. Lorenz as assistant at St. Mark's.

It is my opinion that the present size of St. Mark's does not warrant the appointment of a full time assistant. Our community has increased by only 132 within the past two years and shows the smallest percentage increase within the North County. The appointment of an assistant would necessitate an addition to the rectory of a room and bath at a minimum cost of \$3,000.00. Our people are anxious to liquidate our existing debt as quickly as possible --- the appointment of an assistant would delay for the present any payment on principal. These considerations prompt me to refrain from requesting an assistant at St. Mark's at the present time. However, I have the highest esteem for Father Lorenz and would be pleased to accept him or any deserving priest whom Your Excellency would recommend.

It is with pleasure that we extend today a welcome to His Excellency, the Most Reverend Francis J. Furey, S.T.D., Ph.D., LL.D., Apostolic Administrator of the Catholic Diocese of San Diego. Today marks the first visit of His Excellency to the new parish of St. Mark's.

The City of San Marcos, nestled in Los Vallecitos de San Marcos, was named by the Missionary Fathers to California after St. Mark the Evangelist. The Most Reverend Charles F. Buddy, D.D., Bishop of San Diego, directed that a Catholic Church be established in March, 1963, and appointed Father William D. Spain as pastor. One of the first directives of Bishop Furey upon arrival in San Diego in September, 1963 was to extend canonical status to this Parish.

For more the one year following the establishment of St. Mark's, the Holy Sacrifice of the Mass was offered at the Meadowlark Ranch Theater - the Ol' Opry House - on Rancho Santa Fe Road. With the cooperation of Nor-San Players, Inc., Sunday masses were celebrated despite such plays as Will Success Spoil Rock Hunter, Strange Bedfellows, Picnic, and Seven Year Itch. In April, 1963 Mr. Charles Yunker and his mother offered the use of their home for a temporary rectory.

In April, 1964, Bishop Furey approved the purchase of nearly eight acres located on the south-west corner of Discovery and McMahr Roads immediately east of Lake San Marcos from Gerald McAleese. This acreage should be sufficient for a church, rectory, school and convent. St. Mark's then purchased the San Marcos Lumber Company storage building for \$500.00 and had it moved to the church property for use as a temporary church and future hall. Many parishioners assisted each weekend and many evenings by offering their labor to assist in the building of St. Mark's. The G.R. Burrows Construction Co. of Escondido coordinated the efforts of volunteer help by adding professional skill. A home located on the property was refurbished to serve as a rectory.

The difficult burden of forming a parish has been considerably lightened by the cooperation of parishioners. The St. Mark's Mens Association and Women's Auxiliary have sponsored several barbecues, a fiesta, St. Patrick's dinner and dance, box lunches, bake sales, and other social events in order to assist financially in the building of St. Mark's. Their cooperation has made this day possible.

St. Mark the Evangelist has been represented in liturgical art as a lion - for the majestic desert voice of John the Baptist opens his Gospel. Under the high altar of San Marcos in Venice lies, it is said, the body of the evangelist, martyred in Alexandria and brought to San Marco by Venetian merchants in the ninth century. The Second Gospel shows Mark to be a man of few words. In the simplicity and brevity of St. Mark we would express our appreciation to all who made this day possible.

SUNDAY MASSES: 8:00 a.m., 10:00 a.m. and 12:00 o'clock noon.

WEEKDAY MASSES are celebrated at 8:00 a.m. except on Tuesday and Wednesday: there is no mass on Tuesday; on Wednesday mass is celebrated at 5:30 p.m.

CATECHETICAL INSTRUCTIONS for students attending public schools are conducted on Saturday mornings at ten o'clock for those attending grammar school; Sunday mornings at nine o'clock for those attending high school. A RUMMAGE SALE sponsored by the St. Mark's Womens Auxiliary will take place on June 12th. You are asked to bring clothing, furniture, toys and articles suitable for a rummage sale to the Church.

Your Excellency:

The Diocese of San Diego acquired more than seven acres of land for this parish in April, 1964. We have moved the former San Marcos Lumber Company building to this property and find it to be a most adequate "House of Worship" for the present and ideally suited as a future hall. We have likewise refurbished an older home situated on our property and find it to be adequate as a rectory.

My parishoners and I are most anxious for Your Excellency to view personally the developments in this parish. I understand that Your Excellency might be free on the afternoon of ^{Monday} May 2nd or May 23rd. We would be most appreciative if you could honor us with your presence on either of these days for a blessing of the Church and Rectory followed by Benediction of the Blessed Sacrament. I would recommend the hour of four o'clock so that we could have a dinner following in the private dining room of the Quail's Inn for Your Excellency and visiting guests. I would appreciate your advice in this matter.

Your Excellency:

The Parish of St. Mark's in San Marcos, California was established on March 10, 1963. Since that time, I have obtained the use of the 011 Opry House in Meadowlark for Sunday masses, accepted for several years the use of a home for a parish rectory, completed a parish census, provided catechetical instructions, and organized parish groups.

It is my earnest desire that Your Excellency will grant us permission to accept a gift of two (2) acres of land on a portion of Block 65, Lot 11 and 12, of Ranch Los Vallecitos De San Marcos as recorded in the County of San Diego on Map 806. *a cemetery*
This land would be given by Palomar Memorial Park through courtesy of Herman A. Williams. *The Diocese of San Diego would have the option of purchasing five (5) additional acres from the Palomar Memorial Park at \$4,200.00 per acre at anytime during the next five years. This property is currently valued at \$6,500.00 per acre. The transfer of this acreage to the Roman Catholic Bishop of San Diego is contingent upon the acceptance by the County Board of Supervisors for plans submitted by directors of Palomar Memorial Park Cemetery. This should be approved within two weeks.*

The property which I recommend overlooks the Lake San Marcos development and is in a central location for parishoners of San Marcos. In the event we are unable to obtain this property, I would respectfully request permission to purchase two (2) acres adjacent to the above described property from the McAleese Family who are prominent members of this Parish. \$3,500.00 per acre.

In helping Your Excellency to reach a decision, I respectfully submit the following:

- Statement of Receipts & Disbursements for St. Mark's Parish.
- Population statistics for Northern San Diego County.
- Photograph of the 011 Opry House in Meadowlark.
- Aerial view of Lake San Marcos.
- Map indicating location of property donated by Palomar Memorial Park.

It is my hope that Your Excellency will approve this plan so that we can begin an immediate drive for funds in this Parish.

Respectfully,

This permit was granted on condition that we grant to the County of San Diego 10 feet of additional right of way along both Discovery Street and McMahr Road, together with a 20-foot corner rounding at their intersection. I would respectfully request permission from Your Excellency to purchase the following described property in San Marcos for St. Mark's Catholic Church:

That portion of Lot 1, Block 75, in the Rancho Los Vallecitos de San Marcos consisting of 7.08 acres as recorded on Map No. 806 in San Diego County.

This property is currently owned by Gerald McAleese and can be purchased for the sum of Twenty Eight Thousand Dollars (\$28,000.00). This property is well located for a Church and is further enhanced by a two-bedroom home suitable for a rectory. As indicated in our previous conversation, this Parish currently has \$6,000.00 in a checking account at the Security First National Bank in San Marcos. I would respectfully request permission to receive a loan of \$24,000.00 from the Diocese of San Diego in order to purchase this property. Additional funds on account would be used to purchase a building in San Marcos which would be moved to this location and serve as a temporary Church.

It is my hope that we will be able to open escrow at the Security First National Bank in San Marcos since this would be most convenient to the seller, Gerald McAleese. Your Excellency would probably want us to clear Title through Union Title Insurance Company in San Diego.

Your Excellency:

St. Mark's was established on March 11, 1963. The land value of our nearly eight acres is approximately \$48,000.00. The appraised value of improvements is \$62,800.00. These include a temporary church and addition, rectory, barbecue shelter, shrine and CCD classrooms. Our indebtedness to the Diocese of San Diego has been completely liquidated. We currently have a balance in our parish account of \$3,424.32. We should receive an additional \$5,000.00 following our Sixth Annual Fiesta this weekend.

Present church facilities should be adequate for another three or four years. It is my conviction that St. Mark's has been founded on a sound spiritual and economic basis. I have always desired to assist the Diocese of San Diego in the best possible way. I currently feel the need for a greater challenge and would respectfully request Your Excellency consider placing me in a larger parish.

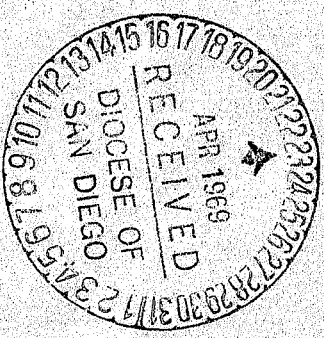

I would appreciate remaining near coastal waters. I desire this because of an allergy condition. Mary, Star of the Sea in La Jolla is currently open. I understand there may possibly be a change at St. James in Solana Beach-Del Mar. I would be pleased to accept either of these parishes.

I am happy that Your Excellency's tour of the Far East was a success. However, it is good to have you with us in San Diego once again.

A SHORT HISTORY OF SAINT MARK'S PARISH

Our Parish was founded in March 1963. The first Mass was held in an old opera house southwest of San Marcos on Meadowlark Ranch. The founding Pastor was Reverend Father William D. Spain, now Monsignor Spain, Pastor of Saint James Parish in Solano Beach.

The Parish started with only a handful of members, but it grew healthily as they continued to worship in the opera house for another two years. Having no better facilities, Reverend Father Spain heard confessions in the front seat of his automobile.

In 1965 the seven and one-half acre site of our present location was purchased from the McAleese family, who were most generous in their low asking price.

The Church we now occupy was originally the storage shed for a San Marcos lumber yard, which was about to be torn down. The Parishioners bought the building and moved it to its present site. Contributing money and much talent, after months of arduous labor the men and their wives completed the building with their own hands, receiving very little professional help.

A year later the Annex was built, again by the Parishioners themselves. The names of all who contributed to building the Annex can be seen engraved on its center beam.

The present Rectory was a run-down cottage that came with the land. Here, too, the Parishioners contributed all the work and money required to put it in livable condition to serve until a permanent Rectory could be built.

SPAIN-RCBSD 0265

It is important that all of us appreciate the zeal, hard work and foresight of these

pioneers who made it possible for us, even now, to function as a Parish of four hundred fifty families.

In 1969 Reverend Father Spain was succeeded by Reverend Father Robert F. Dickie who, despite a period of serious illness, has carried our Parish forward to a point where our larger group of Parishioners and many willing workers, in their turn, are taking action to meet the needs of the future.

THE BOUNDARIES OF SAINT MARK'S PARISH

As shown on the map in this Brochure, the boundaries of our Parish are quite extensive. The border starts on Highway 395 at the Golden Door and runs south-erly along Highway 395 and the route of the proposed Interstate 15 Freeway to Mission Road, westerly along Mission Road to Nordahl Road, then from the corner of Nordahl and Mission Roads in a straight line to Mt. Whitney, from Mt. Whitney westerly in a straight line to the point where El Camino del Norte crosses Escondido Creek, thence northerly on a line to the westerly cattle guard on Palomar Airport Road, continuing northerly, following Sycamore Road, Poinsetia Drive and Smilax to Pechstein Dam, then easterly along Deer Springs Road to the Golden Door. Thus, in addition to all San Marcos, Lake San Marcos, the Parish includes part of Vista, part of Rancho Santa Fe, part of Rancho La Costa, part of Olivehain, part of eastern Escondido and all of the Escondido Country Club area. Our boundaries include a large number of highly active housing developments.

WHY THIS BUILDING PROGRAM?

It is evident to all that San Marcos is growing by leaps and bounds. Authoritative sources predict that the population of San Marcos, alone, will be twenty thousand

The report which we sent to you has apparently engendered some emotional response from you in that you have pointed out your objection to two somewhat incidental aspects of the report viz.

The proposed site and the value of the real estate at the current parish facility. In re-reading your letter, I must confess that your objection to the proposed site was not apparent to us from your letter; rather we felt that you opposed any site other than the current one. In fact, we settled on the proposed site since it was available, financially less of a burden than more desirable locations and had been suggested to you by a past pastor of St. John's. It was not our most favored site, but a pragmatic solution to achieve in short time a concrete proposal for your consideration.

Our acceptance of the \$600/800,000 value of our property was based upon our apparently misplaced reliance upon the abilities of a man recommended to us by Diocesan representatives. I might presume to suggest that if this appraiser is not competent to give realistic values for property, he not be recommended by the Diocese in the future.

Allow me to conclude by stating specifically my opinion, as someone soon to be an outsider, in this situation. The future of the Catholic community in the Northern San Diego to area lies mainly in the unity of purpose which has been realized during the past several years and which the present 'crisis' has served only to cement. I can state with full confidence that the people desire one parish, one facility. The parish size will be such as to allow one and all to contribute and to receive, to administer and be ministered to as they desire.

The financial situation will be optimal for the building and survival of a vital parish community serving all the needs of its people. Small parishes, while allowing for some degree of closeness among their people, cannot possibly by virtue of the lack of the necessary facilities and finances meet the ever-increasing spiritual and social needs of their members. A large, but not over-crowded parish of the size St. John's would be by the turn of the century could do much to enrich the lives of the people of the area. Further, the unity already established would do much to allow the atmosphere of a small parish within a somewhat larger community. I cannot recommend strongly enough that one parish moved to a more central location is the most feasible solution for the Parish of St. John.

Be assured of my prayers for you and my colleagues in your deliberations.

Respectfully,

Dr. Raymond J. Kelleher

ST. PETER'S CHALDEAN RITE CHURCH, SAN DIEGO - PRESENTATION BY REV. KATTOLA.

Rev. Kattoula, Pastor of St. Peter's Chaldean Rite Church, presented to the Committee plans for the construction of a parish hall and rectory. Father Kattoula related that the parish began with 72 families and has grown to 280 families. To accommodate the growth in the parish, five acres in El Cajon was purchased previously for a parish site. Of the five acres, two acres will be used for playground and three acres will be developed.

The proposed parish hall has an area of 8,000 square feet and will accommodate 800 people if used as a church; if used as a hall, it will seat 420 people. The parish hall includes a kitchen, storage facilities and bathrooms. The proposed rectory includes three bedrooms, two offices, a kitchen and a living room. The total area of the rectory is 2,000 square feet. Father Kattoula estimated that the

cost of construction would be between \$32 and \$35 a square foot.

Father Kattoula estimated that 90% of the parish families were engaged in business occupations. He is presently collecting approximately \$1,000 a month at Sunday collections. Father Kattoula estimated that his annual income was \$30,000 a year, not including extraordinary donations.

Father Kattoula stated that his parishioners were enthusiastic about the project. He expected the parish to grow further in the near future. Finally, Father Kattoula hoped that groundbreaking for the project could be arranged for June 29, 1979.

On behalf of the Committee, Msgr. Eagen thanked Father Kattoula for his presentation.

The cost of construction of the proposed church was estimated at \$750,000. The cost of the site work was estimated to be \$240,000. Msgr. Spain had hoped that grading could begin in August of this year.

Barry Crane presented to the Committee Father Finnerty's request for authorization to engage Al Macy, Architect, to prepare preliminary drawings for the construction of parish offices at the Church of the Resurrection, Escondido. Mr. Macy was chosen by Father Finnerty as Mr. Macy was the architect for the present structures at the parish. Father Finnerty expects to cover the cost of construction through his parish Stewardship rebate and parish donations. At this time, the parish requires the construction of at least three offices. Further offices may be necessary in the future. Father Finnerty expects to utilize a modular system to allow for construction of offices as they are needed. The cost of construction was estimated to be between \$30,000 and \$45,000.

Following discussion, a motion was introduced by Father Lechner to authorize Father Finnerty to engage Mr. Macy to prepare preliminary drawings for subsequent Committee approval. The motion was seconded by Father Healy and subsequently carried.
